PINE LAKE WEED TREATMENT

The treatment of Pine Lake for Eurasian Milfoil control is scheduled for:

Thursday, June 22nd, 2017

(Weather permitting)

The chemicals will not be applied if the applicators feel conditions are unsafe, such as storms, heavy rain or high winds.

We have allowed June 23rd as a rain date. If conditions still do not allow treatment, you will be notified.

The recommended precautions after treatment are as follows:

NO swimming for 1 day

NO garden watering for 21 days

Should you not want this treatment, please notify the Village Hall prior to this date.

Call us even if you have a standing no spray request.

Potential treatment areas for Eurasian milfoil and Curly-leaf pondweed are highlighted in red on the map above

We have instituted a phone message system that enables residents to call in at any time and get an update. The message will indicate if the treatment took place as scheduled, and if not what plans have been made for the rescheduled treatment. To access this information line, dial 367-4681 and follow the instructions.
