

## Snow Plowing/Sanding Agreement and Release of Liability 2019

By signing this agreement, I request that the Village of Chenequa (together with its employees, agents or contractors referred to as the "Village") perform snow plowing and sanding services (the "Services") on my property, at the address set forth below. I agree, personally on my own behalf, and on behalf of any other person whose property is damaged while on my property, to release and waive any claims or causes of action for property damage caused by the Village while providing the Services. I further agree to hold harmless and indemnify and hold the Village harmless against any and all claims resulting from such Services including, without limitation, claims of property damage to my property or the property of any other person which is damaged while such property is located on my property.

The Village's Winter Roadway Maintenance Policy is on the reverse side. The Village offers the Services to all property owners but no property owner is required to use the Village's Services. Property owners who have specific needs or requirements with respect to snow removal or sanding (e.g., timing of snow removal) may desire to have such services provided by persons or entities other than the Village.

This Agreement along with the **\$100** fee must be received by the Village Hall by December 30, 2018. **Failure to do so will result in the removal of your address from the Village list for snow plowing and sanding services.** This Agreement covers the Services provided from January 1, 2019 through December 31, 2019.

**Driveways must be marked or they will not be plowed. \_\_\_\_\_ (initial)**

**I have read the above and the attached.**

**VILLAGE OF CHENEQUA, 31275 W COUNTY RD K, HARTLAND, WI 53029**

## **OUTLINE OF VILLAGE SNOW PLOWING POLICY**

Plowing of public and private roads is done as needed to ensure access for emergency vehicles and safe passage for other vehicles.

The plowing and sanding of private driveways is a unique service that normally begins when the snowstorm subsides. Driveway plowing is systematically done to provide this service in an efficient and economical manner and it takes between 6 and 12 hours to service the entire Village, depending on the conditions. Vehicles and other obstructions must be removed or a drive will be passed by until it is clear.

### **PLOWING SERVICES NOT INCLUDED:**

Driveway plowing is intended to provide reasonable access to homes and passage for emergency vehicles but it is not intended to be of the quality that may be available from some commercial services.

The following services are typically not performed by the Village:

- Sanding or plowing outbuildings or close to garage doors
- Clearing sidewalks and walkways
- The entire width of all driveways
- Hand shoveling
- “Clean sweeping” all areas of the driveway
- Guaranteeing plowing by any particular time of day

### **SUMMARY:**

The Village plows private driveways as a supplement to the plowing of the Village roads and streets. This Village has budget and manpower limitations and, as a result, we may not be able to meet all the possible requirements of all Village residents. The Village attempts to provide similar services to all residents who request this service. If you have specific or unique requirements, you may need to contract privately for plowing service.
