

# Village of Chenequa

May 2019 Newsletter

## REVALUATION NOTICE

For the 2019 assessment year, (20% of the Village of Chenequa) a revaluation of property assessments will be done. Revaluation notices will be sent to property owners the week of June 17, 2019.

Be advised Assessor has certain statutory authority to enter land as described in Sections 943.13 and 943.15, Wisconsin Statutes. The ability to enter land is subject to several qualifications and limitations, as described within the foregoing statutes. Copies of the applicable statutes can be obtained at the public depositories throughout the State of Wisconsin, and from the State of Wisconsin Legislative Reference Bureau website ([www.legis.state.wi.us/rs/stats.html](http://www.legis.state.wi.us/rs/stats.html)) or a copy may be obtained from the Municipal Clerk upon payment of applicable copying charges.

Please call 262-367-2600 to reach an on duty officer if you need any help

## John's Disposal

Week of Memorial Day- May 27, 2019  
Collection will be delayed by one day.

## Scam Update

We recently were notified by a resident that they had received fraudulent calls from AT&T requesting remote access to their computer. Never provide remote access to your computer under these circumstances. In all cases, never engage such services without first verifying that the company is in fact genuine. The website below has recent scams and how to recognize the warning signs.

## FORESTRY NEWS

The Village of Chenequa is fortunate enough to have some of the cleanest lakes in the state, but to preserve these resources we have various ordinances in place. With spring in full gear, we are highlighting two important ones this month.

### 3.12 Regulation on use of Fertilizers

As the weather continues to get warmer and our lawns start to turn green, please keep in mind:

- Usage of Phosphorus or other compounds containing Phosphorus such as phosphate is forbidden in most situations.
- Lawn fertilizer cannot be applied when the ground is frozen.
- Application of fertilizer to any impervious surface is prohibited.
- No person shall apply fertilizer within 20 feet of any wetland, pond, shoreline or ordinary high water mark of any lake or river as established by the Wisconsin DNR.

Regulating the amount of nutrients and contaminants contained in fertilizer including Phosphorus, that enter the bodies of water as a result of runoff from lawns and turf will aid in the improvement and maintenance of lake water quality.

### 6.09 Shoreline Cutting

As a reminder, **all** shoreline cutting within 75 feet of the waterfront is prohibited without a permit. This pertains to pruning and dead wooding of trees and shrubs, the removal of trees (alive or dead), and the removal of shrubs/brush. If you would like to obtain a permit to cut, please call the Village Hall and ask to speak with Cody Lincoln.
