Police News

The United States has unfortunately seen a dramatic increase in criminal activity related to the COVID-19 pandemic. Criminals use these times of uncertainty to prey upon unsuspecting citizens in a variety of ways. Email and telephone scams lead the way, but price gouging and hoarding of essential items has also been deemed as criminal activity. Please be vigilant of unsolicited calls or emails that may try and provide some relief or cure for COVID-19. Be cautious when buying supplies, especially online, and make sure you are purchasing from a reputable/honest business. Do not send money, gift cards, or any form of currency to anyone or any organization you are not familiar with.

If you feel you have been a victim of fraud, please contact our department via our dispatch center (262) 446-5070 as the Village Hall/Police Department will remain locked until further notice. For further information please follow this link for the U.S. Justice Department. <https://www.justice.gov/coronavirus>

Forestry News

April showers bring May flowers! As the weather continues to warm up and we anticipate more spring rain showers, it is a great time to plant new trees on your property. If you are hoping to plant trees this year, make sure that you are choosing the best trees possible for the particular site(s) that you are planting. This will help to ensure that your new trees can live a long and healthy life.

Make sure you are considering different site qualities like shade or sunlight exposure, typical soil moisture levels, soil type, space constraints, and existing native trees. Then, with this information, try to match appropriate tree species to that site. Keep in mind that species diversity is very important to minimize the impact of potential future tree pests and diseases.

If you have questions or would like tree planting tips and recommendations specific to your property, please feel free to contact the Highway / Forestry Department for assistance.
