

# Spending Extra Time at Home Due to COVID-19?

Now is a good time to test your home for radon gas!

**5** out of **10**

Southeast Wisconsin homes  
have high radon levels.

Radon is in the ground naturally.

Radon enters homes  
through basement  
floors and walls.

Radon is the number one cause of  
lung cancer, after cigarette smoking.  
Test your home for radon today!
