

Village of Chenequa

June 2022 Newsletter

Summer is here!

Please welcome part-time Officer Brienna Hotchkiss (pictured with Chief Neumer) to Chenequa. She is a full-time officer for the Village of Summit Police Department for the past 5 years where she serves as a Patrol Officer. We are very excited to have Brienna join our department!

Forestry Updates

Daily forestry operations generate wood chips. The chips vary in quality depending on the type of brush or small logs which are ground up. These chips are available to residents immediately.

Please call the Village Hall if you are interested in receiving a load of wood chips (262)367-2239 and ask for Cody Lincoln or email clincoln@chenequa.org.

- Thank you!

Village Updates

As a reminder to residents, Notice of Assessments will be mailed June 14th. If you have any questions, please contact Mark Link with Tyler Technologies at 800-959-6876 Ext 1.

Open book is from 1-5pm on June 30, 2022 at the Village Hall, upstairs in the board room.

Reminder for Everyone

With all the construction going on during the warmer months, it's important to remember that the Village does have an ordinance (5.25) on **PERMISSIBLE TIME FOR CONSTRUCTION ACTIVITIES**.

Outdoor construction activities or indoor construction activities which require activities outdoors, such as preparation or staging, shall not be conducted outside of the following times:

No earlier than 7:00 a.m. on weekdays (Mondays through Friday); and no earlier than 9:00 a.m. on Saturdays. The construction activities shall conclude by 6:00 p.m.

No such activities shall take place on Sundays or Holidays.

Pine Lake Weed Treatment

The treatment of Pine Lake for Eurasian Milfoil control is scheduled for Wednesday, June 15, 2022 (Weather Permitting). Selected areas will receive a chemical treatment to control the exotic aquatic plant known as Eurasian Water Milfoil. This non-native plant can interfere with navigational and recreational activities as well as harming native lake weeds. The chemicals will not be applied if the applicators feel conditions are unsafe, such as storms, heavy rain, or high winds. We have allowed June 16th as a rain date. If conditions still do not allow treatment, you will be notified. The recommended precautions after treatment are as follows:

NO swimming for 1 day

NO garden watering for 21 days

*** Should you **NOT want this treatment**, please notify the Village Hall PRIOR to this date. Call us even if you have a standing no spray request. Call: (262)367-2239 or Email: Cody Lincoln at clincoln@chenequa.org
