Subsequent review and redaction of the record are separate processes, not included in location of the record, for which a requester may not be charged. Only actual, necessary, and direct location costs will be charged, equal to the hourly rate of the Village personnel who is tasked with working on the request. The Village does not charge for the costs of deleting, or “redacting”, non-disclosable information included in responsive records. The Village may require pre-payment of such fees prior to making copies thereof.
