

Village of Chenequa

December 2022 Newsletter

Happy Holidays!

Please be sure to fill out 2023 Snow Plow Agreement and 2023 Dog License Application.

Tax bills are done and are being prepared to be mailed. If you need your tax bill prior to receiving them in the mail, you can get a copy at Waukesha County's website. <https://tax.waukeshacounty.gov>

On behalf of the Village of Chenequa, we wanted to take a moment to say thank you to our generous and kind residents. YOU make the Village a wonderful place to work, live and play.

The Village of Chenequa was founded in 1928. The primary motivations to incorporate were to provide fire and police protection, and plan for the orderly growth of the Village while protecting the land and lakes. Since its inception, the Village has been conceived as an exclusively residential community.

Current Village zoning code states, "The Village of Chenequa...is intended to be devoted solely to residence purposes so as to afford to its citizens the peace and quiet and restfulness unobtainable in the city." While this objective is being made more difficult by the explosion of development in the Lake Country, generally, the Village remains committed to this concept. Thank you for helping us keep this promise we made so long ago.

**John's Disposal Holiday Schedule:
There will be no delay.**

Village of Chenequa's Holiday Hours

- December 23, 2022 – 8am – Noon
- December 26, 2022 – Closed
- December 30, 2022 – 8am – 3pm
- January 2, 2023 – Closed

We will resume normal business hours on January 3, 2023.

Plow Markers and Driveway Clearance

Before a heavy frost sets in the ground, we recommend that if you have not done so already, please take some time to properly mark your driveway boundaries. Inadequate marking makes it difficult for our Highway/Forestry Department to determine where the driveway boundaries are. As a result, extensive turf damage and large missed areas are likely.

If you find that the soil is frozen, we recommend using a large screwdriver and a hammer to make a "pilot hole" in the soil first.

Thank you for your cooperation.

Cody Lincoln and Cody Hagfors

House Checks – If you are a Snow Bird and you come home or are letting others use your home, please call the Police Department and let us know so we don't surprise you when we are doing our House Checks. Thank you!

Wishing you all the blessings of peace, love, and joy at Christmas.

Cheers to 2023!!

Snow Plowing/Salting Agreement and Release of Liability 2023

By signing this agreement, I request that the Village of Chenequa (together with its employees, agents or contractors referred to as the "Village") perform snow plowing and salting services (the "Services") on my property, at the address set forth below. I agree, personally on my own behalf, and on behalf of any other person whose property is damaged while on my property, to release and waive any claims or causes of action for property damage caused by the Village while providing the Services. I further agree to hold harmless and indemnify and hold the Village harmless against any and all claims resulting from such Services including, without limitation, claims of property damage to my property or the property of any other person which is damaged while such property is located on my property.

The Village's Winter Roadway Maintenance Policy is on the reverse side. The Village offers the Services to all property owners but no property owner is required to use the Village's Services. Property owners who have specific needs or requirements with respect to snow removal or salting (e.g., timing of snow removal) may desire to have such services provided by persons or entities other than the Village.

This Agreement along with the **\$100** fee must be received by the Village Hall by December 30, 2022. **Failure to do so will result in the removal of your address from the Village list for snow plowing and salting services.** This Agreement covers the Services provided from January 1, 2023 through December 31, 2023.

Driveways must be marked or they will not be plowed. _____ (initial)

OUTLINE OF VILLAGE SNOW PLOWING POLICY

Plowing of public and private roads is done as needed to ensure access for emergency vehicles and safe passage for other vehicles.

The plowing and salting of private driveways is a unique service that normally begins when the snowstorm subsides. Driveway plowing is systematically done to provide this service in an efficient and economical manner and it takes between 6 and 12 hours to service the entire Village, depending on the conditions. Vehicles and other obstructions must be removed or a drive will be passed by until it is clear.

PLOWING SERVICES NOT INCLUDED:

Driveway plowing is intended to provide reasonable access to homes and passage for emergency vehicles but it is not intended to be of the quality that may be available from some commercial services.

The following services are typically not performed by the Village:

- Salting or plowing outbuildings or close to garage doors.
- Clearing sidewalks and walkways.
- The entire width of all driveways.
- Hand shoveling.
- “Clean sweeping” all areas of the driveway.
- Guaranteeing plowing by any particular time of day.

SUMMARY:

The Village plows private driveways as a supplement to the plowing of the Village roads and streets. This Village has budget and manpower limitations and, as a result, we may not be able to meet all the possible requirements of all Village residents. The Village attempts to provide similar services to all residents who request this service. If you have specific or unique requirements, you may need to contract privately for plowing service.

2023 Dog License Application

Why is it **important** to license your dog?

- 1. Identification** - This tag not only identifies your dog to shelter staff or law enforcement officers, it also is linked to a computer database. The database linked to dog license numbers which helps shelter workers handle lost pets. If your dog is wearing its dog license, shelter staff will know your pet's name. This can help a lot when handling a lost, possibly injured pet.
- 2. It's the Law** - All dogs over 5 months old **MUST** be licensed every year. Failure to do so can result in fines over \$100. Section 174.05 of the Wisconsin Statutes and Village of Chenequa Ordinance 8.15(7).
- 3. Funding Animal Cruelty Investigation** - Dog license fees fund the Humane Officer Program which investigates animal cruelty, abuse, and neglect investigations in Waukesha County. Just by licensing your dog, you are helping relieve suffering for many animals!
- 4. Education Programs** - Animal bite prevention programs and humane animal education presentations are also funded by dog license revenues.
- 5. Proof of Rabies** - The Waukesha County dog license serves as proof of rabies in case of bite incidents.

Please be sure to provide a copy of a current rabies vaccination certificate.

License cannot be issued without proof of current rabies vaccination.

Owner's Name:	Dog's Name:
	Breed:
Address:	Color/Markings:
Phone Number:	Gender: Male Female
