Forestry Department

Just a reminder, as always, no cutting of trees, brush, or any vegetation is allowed within 75' of a waterway in the Village without a permit. The purpose of this is to prevent erosion, filter runoff before it goes to the water, maintain a healthy aquatic ecosystem, and preserve the natural beauty of all the shorelines.

The Village of Chenequa employs two foresters that would be more than happy to meet with any resident on-site to help with any tree-related questions you may have.
