Water Safety

As the temperature starts to warm outside, it's important to remember that the water temperatures are still dangerously cold. If you plan to kayak, canoe or paddle board in these frigid waters, it's important to be wearing your personal floatation device (PFD). This could save your life if you fall into these cold waters.

Village of Chenequa Elected Village Trustees!

From left to right: Incumbent Trustee E.J. Kubick, Incumbent Trustee Michael Pranke, and please give a warm welcome to our newly elected Village Trustee, Heidi Von Hagke. The Board of Trustees serve a two-year term on the Village Board. The Village Board oversees all Village activities and meets on the second Monday of each month at 6:30pm or immediately following the adjournment of the Village Plan Commission.

Forestry News

April showers bring May flowers! As the weather continues to warm up and we anticipate more spring rain showers, it is a great time to plant new trees on your property. If you are planting trees this year, make sure you are choosing the best trees possible for the site(s) that you are planting. This will help to ensure that your new trees can live a long and healthy life.
